POWER

These trend-setting range cookers are designed and manufactured in the UK to the highest standards. The defining feature of the Mercury range is its striking design, available in a variety of hues. Bringing together top-quality performance and unique, unrivalled design, this exclusive look is a perfect match for any style of kitchen.

Offering the choice of a powerful gas hob or sleek-look induction top, the Mercury range provides you with ultimate control and superior performance.

Mercury cookers will let you indulge in your favourite culinary dishes with two large high-performance ovens. The multifunction oven is complete with stay-clean removable liners. The robust dual circuit grill features a fully extending gliding tray.

Glide-out Grill

The separate, robust dual element grill has been beautifully styled and designed to offer adjustable heights with an extendable gliding tray.

Powerful Gas Hob

Dual fuel models incorporate five professional standard, single piece burners including a 5kW central burner.

Hi-Fi Style Controls

Heat control is delivered in style, with 9 eye-catching Mercury designed hi-fi style controls. Each one offers precise cooking control from the hob burners to the ovens and grill.

Seal of Quality

With authentic appeal and insistence for design integrity, interpret your lifestyle with an iconic Mercury cooker.

Telescopic Shelving

Tough and durable, yet completely flexible; the ovens are equipped with heavy-duty stainless steel shelves including a telescopic shelf, runners and wire work.

CHOICE

There are many different options to choose from depending on your preference for size, colour and fuel type.

Our innovative designs are available in 1000mm, 1082mm and 1200mm widths and a selection of handpicked finishes from Snowdrop, Blueberry, Indigo, Ash Black, Oyster, Liquorice and Stainless Steel.

Finally, choose an induction or dual-fuel model to suit your cooking needs.

1000

Dual Fuel

Dimensions (mm)	990 (w) 638 (d) 920-945 (h)
